THESE TWO HERD BULLS SELL--

JUGGLER'S MAINSTAY -- A five-year-old double grandson of Coronet Max Juggler 17th x, by the International grand champion, Killearn Max Juggler. From his first calf crop, came the 1960 Omaha grand champion bull. From his second calf crop, came the 1961 Iowa State Sale and Show champion bull. You buy his entire third and fourth calf crops in this sale and he has never sired a horned calf.

ACADIA TROUBADOUR 35th-- The 1949 National Polled Congress champion bull and sired by Calrossie Troubadour, also the sire of the \$20,000 International grand champion steer, P S Troubadour. He's a rugged, smooth, masculine bull and both he and his calves will please the most discriminating.

Because Glenn Windom is retiring from the farm, this carefully selected and 100% producing herd is being offered in its entirety. They are selling without any special fitting and we doubt if there are any better bred and more carefully selected females in any other midwestern herd. Glenn Windom has never hesitated to bring in top bloodlines when he saw proof of its producing ability. Among the features will be the sire, dam and full sister to the 1960 Omaha grand champion bull. The cows include daughters of such bulls as PROUD MONARCH, RIVERDALE SPOTLIGHT, ROYFIELD'S LEADER (a National champion), CORONET MAX JUGGLER 9th, COLLYNIE NOBLEMAN, LYNN-WOOD QUADRANT, BROADLAWN WELCOME and OAKWOOD LANCELOT.

--For the catalog and other information, write --

MERVIN F. AEGERTER, Sale Manager, SEWARD, NEBRASKA

The cattle can be inspected at any time prior to the sale, at the Glenn Windom farm located 6 miles north of Lenox, Iowa.

WINDOM POLLED SHORTHORN DISPERSION SALE

MAINSTAY'S JUGGLER 16th x — with Dean Windom at the halter. This 13-month old son of Juggler's Mainstay x, was the grand champion bull of the 1961 Iowa Royal Show and Sale, where he was purchased by Collins Farms, LaCrosse, Indiana. Note the great head, masculinity and ruggedness.

POLLED SHORTHORNS THAT CAN GO RIGHT TO WORK AND MAKE MONEY FOR YOU RIGHT FROM THE START

Here are cattle that can fit into any plan of good, solid beef production and they represent a careful blending and intensification of the best Polled and Scotch bloodlines that have given proof of their producing ability.

Glenn Windom established this Polled Shorthorn herd in 1946, but prior to that time, came from a well-known Shorthorn family. As a young man, he worked with the Bellows herd in Missouri and with the McKelvie herd in Nebraska. He himself showed steers at the first 4-H Club Show at the Iowa State Fair in Des Moines in 1916 and that same year, showed two Shorthorn steers at Chicago where they both won their class. His sons and daughters have also been outstanding showmen. Son Dean and daughter Beverly, had three champion steers at the Kansas City American Royal. Another daughter Marilyn, had the reserve champion Shorthorn steer at Ak-Sar-Ben in 1958.

I've always considered Glenn Windom an especially gifted cattleman and if prospective buyers will study the potent bloodlines he has assembled in his breeding herd and check the individuals themselves and their production records, I know they will agree with me.

The two herd bulls, their Get and Services, are enough alone to induce good cattlemen from far and wide to make every attempt to attend this sale. You will find cattle that will go ahead in your breeding herds and produce offspring, capable of satisfying your customers. Inspect the cattle at the Windom farm, or write to either Glenn Windom, Lenox, Iowa or myself and we'll be glad to tell you everything you would like to know about them.

JUGGLER'S MAINSTAY -- Here's a concentration of Max Juggler 17th blood-lines. When we purchased this bull, he was very masculine for his age and still is. From his first crop of calves, we had the champion bull in the 1960 Omaha Show and Sale that sold for \$1,110.00 to Schulz & Schulz, Reardon, Wash. From his second crop of calves, Juggler's Mainstay 16th was champion and top selling bull at the Iowa State Show and Sale in Des Moines in 1961 at 13 months of age. This bull sold to Collins Farms, LaCrosse, Ind. If you want to improve your herd, don't overlook this proven sire. He is one of the greatest headed bulls of the breed and he has never sired a horned calf. His daughters are as outstanding as his sons and this is the first time we have offered any for sale.

ACADIA TROUBADOUR 35th -- We purchased Acadia Troubadour 35th at the National Polled Congress in Springfield, Ill. in 1959. He was the champion bull of the show at just ten months of age. He has developed into a very rugged bull and has retained his smoothness. He has a very masculine head, is thick-bodied, very neat in the brisket and has a wonderful set of feet and legs. Acadia Troubadour 35th has the ability to pass these inherent characteristics on to his offspring. We think his calves will really please.

You Too "CAN WIN" With A WINDOM BULL!

In addition to the herd bulls selling in this sale, there are several young herd bull prospects of excellent quality. Special attention is called to the Lot 5 bull, the first son of Acadia Troubadour 35th. We believe he will fill the bill for some top herd of Polled Short-horns.

The Trend is to

POLLED SHORTHORNS

Some enterprising cattleman could select a bull and 10 females from this sale and establish a foundation of Polled Shorthorn cattle that could put him among the leaders in his field.

What an opportunity for some young man to take up where Glenn Windom is leaving off. He has eliminated a lot of trial and error that necessarily must go into the establishment of Proven Bloodlines.
